Etherlin 1

All that Bleeds takes an old concept (forbidden, star crossed love) and packages it in a glittering world filled with muses and half vampires. It's not exactly trying to tread a new path, but it's not too terrible either. It was, at most, average. Alissa is a strong character, and she knows it (which is very different from other heroines).

I finished All That Bleeds (A Novel of the Etherlin) today and it was an astoundingly good novel. The main characters were fleshed out pretty well although she left the secondary characters a bit more 2 dimensional. The story was great but the basic theme of "bad boy falls in love with princess" type plot was done well.
