Aircraft Manufacturer | American Champion Aircraft
Champion Lancer (Model 402) is the only post-WWII multi-engine airplane produced by either Bellanca or the Aeronca/Champion factories. The article in the October 2003 (13-4) issue of B-C Contact! provides some of the unique aspects and pictures, and prompted a letter from another member (issue 14-1) who had trained in one in the sixties.

Bellanca, Citabria, Bellanca-Champion Club Official Site
American Champion has been using aluminum spars in the aircraft: it has produced and has, as well, made the aluminum-spar wings available for retrofit installation on older aircraft. Compared to the Citabria's wingspan of 33.5 feet (10.2 m), the Scout's wingspan is significantly wider, at over 36 feet (11 m).
