### **Baron, Business and Its Environment, 7th Edition | Pearson**

There is a constant 'give and take' relationship between environment and business. The business receives inputs, information and technology from the environment and gives it back in the form of outputs (goods and services). If these outputs are accepted by the environment, the environment-business interaction continues but if they are unacceptable to the environment, firms adapt to the environmental requirements and change their operations.

### **Relationship between Environment and Business**

Three features are common to this web of relationship between business and its environment: (1) There is symbiotic relationship (Fig. 37.1) between business and its environment and among the environmental factors. In other words, business is influenced by its environment and, in turn, to a certain degree, it will influence the external forces.
