Capital Without Borders Wealth Managers

Capital without Borders reveals how wealth managers use offshore banks, shell corporations, and trusts to shield billions in private wealth not only from taxation but from all manner of legal obligations. And it shows how practitioners justify their work, despite evidence that it erodes government authority and contributes to global inequality.

Capital without Borders: Wealth Managers and the One ...

Capital without Borders takes a novel approach to these questions by looking at professionals who specialize in protecting the fortunes of the world's richest people: wealth managers. Brooke Harrington spent nearly eight years studying this little-known group—including two years training to become a wealth manager herself. She then “followed the money” to the eighteen most popular tax havens in the world, interviewing practitioners to understand how they helped their high-net-worth ...
