The star and crescent is an iconographic symbol used in various historical contexts, but is best known as a symbol of the Ottoman Empire and Turkey. It is also often considered as a symbol of Islam by extension. It developed in the iconography of the Hellenistic period in the Kingdom of Pontus, the Bosporan Kingdom and notably the city of Byzantium by the 2nd century BCE. It is the conjoined representation of a crescent and a star, both elements have a long prior history in the iconography of th

#### Star and crescent - Wikipedia

Today, the star and crescent is widely accepted as a symbol of the Islamic faith, and is used in decorative arts, jewelry, and national flags- much like the cross in Christian countries. It is associated with the use of the moon to time festivals.
