Before the investigators begin examining the scene of the crime, they should gather as much information as possible about the scene. Once again, a slow and methodical approach is recommended.

Examination and Documentation of the Crime Scene

Crime Scene Documentation. Crime scene documentation begins with the first responder. Police officers are taught the importance of taking notes from the time of arrival. The crime scene investigator documents the scene in the form of still and video photography. Sketches are completed at the scene to illustrate relationships between articles of evidence not easily depicted by photography.
