Difference between sexual and asexual reproduction

Yahoo answers pretty much have questions that are very personal and are simple content. The stark difference between Quora's content and Yahoo Answer's content is for the latter, you ask a question pertaining to your situation and you leave the site, but with Quora the questions are very generic, informative and highly valuable.

Answer From Pritish K. Tosh, M.D. As you might think, bacterial infections are caused by bacteria, and viral infections are caused by viruses. Perhaps the most important distinction between bacteria and viruses is that antibiotic drugs usually kill bacteria, but they aren't effective against viruses.
