The Study Guide. The Certification Test is divided into five parts and covers five books. Each test contains 100 multiple choice questions and covers one book. The Study Guide is a question database which contains 300-400 questions for each book. 100 questions are pulled at random from the database for each certification test. The study guide contains all of the database questions for each book and gives feedback for each question explaining which answer is correct and the logic behind the ...
