To do so, you must package and distribute your application with the Access 2013 Runtime. The Access 2013 Runtime is similar to previous runtimes in that all design-related UI is either removed or disabled. You do not need to buy any special product in order to redistribute the Access 2013 Runtime.

**Download Microsoft Access 2013 Runtime from Official ...**

What's new in Access 2013? In a word, apps. An Access web app is a new type of database that you build in Access, then use and share with others as a SharePoint app in a web browser. To build an app, you just select the type of data you want to track (contacts, tasks, projects, and so on).

GO!'s project-based approach clusters the learning objectives around the projects rather than around software features. The GO! Series teaches students to solve real problems as they practice and learn the features. Ideal for students and individuals seeking an introduction to Microsoft Access 2013.
