Global history is both an object of study and a particular way of looking at history: it is both a process and a perspective, subject matter and methodology. Janus-faced, it resembles other fields/approaches in the discipline, such as social history and gender history.

Chapter 1 Introduction

History paints us a detailed picture of how society, technology, and government worked way back when so that we can better understand how it works now. It also helps us determine how to

approach the future, as it allows us to learn from our past mistakes (and triumphs) as a society. 2. History helps us understand ourselves.
