Killing The Host

KILLING THE HOST exposes how finance, insurance, and real estate (the FIRE sector) have gained control of the global economy at the expense of industrial capitalism and governments. The FIRE sector is responsible for today's economic polarization (the 1% vs. the 99%) via favored tax status that inflates real estate prices while deflating the "real" economy of labor and production.

Killing the Host: How Financial Parasites and Debt Bondage ...

The aim of this book is to pierce this illusion and replace junk economics with economics based on reality. In Killing the Host, Michael Hudson argues that financial crises will continue unless we radically transform our economic and political structures, and reclaim the best ideas of classical economics.

Killing the host - Home | Facebook

In Killing the Host, Michael Hudson argues that financial crises will continue unless we radically transform our economic and political structures, and reclaim the best ideas of classical economics. Ominous, yet clear-eyed and prophetic, Hudson provides viable solutions to our economic problems, at a time when politicians have shown themselves unable to understand our economy much less fix it.
