KI 202, KI 203, KI 204, KI 206, KI 207 NAVIGATION INDICATORS

During the Bendix and King merger (i.e. Bendix/King), a new part numbering system was created that converted these 9 digit part numbers to 12 digits. Therefore, 066-3056-01 became 066-03056-0001. Despite this numbering change, units that were originally from the King Radio design still have the 9 digit part number format on the unit dataplate.

The King KCS-55A Compass System (HSI) is available in either Serviceable or Overhauled condition. We strongly recommend the Overhauled option, as shown here. Unlike many other avionics items, there are (in both the KI-525A and KG-102A Gyro) high-speed moving parts that will wear over time.
