Komet Kart Racing Engines - Kart Racers Speed Shop
The Komet Story This is the second article I have written about Italian 100cc kart engines and follows the same format that I used to tell the Parilla story. Komet were a very successful maker of kart engines during the early period of karting which resulted in the marque winning World Championships in 1973 and

Komet - Kart Wiki
In 1959 Grana convinced Parilla to join this new market and enter the history of Karting. In 1961, together with his colleague and friend Cesare Bossaglia, he established Komet Italiana, a Company expressly dedicated to the Karting world. 1968 was the decisive year, Parilla and Komet joined together into IAME, "Italian American Motor Engineering" which name comes from the close relation with ...

This upgrade resulted in an engine that was able to perform for very long time intervals before needing maintenance. The original prototype for the K71 was prepared by using castings from the Komet K30, which was a 135cc rotary valve kart engine. For the crankcase, two magneto side castings were utilized.
