Bergemann, Spring  
2012 1 Introduction 1.1

What's Economics?

This is an exciting time  
to study economics,  
even though may not  
be so exciting to be  
part of this economy.

We have faced the  
largest nancial crisis  
since the Great  
Depression. \$787  
billion has been  
pumped into the  
economy in the form

1 Macroeconomics  
Macroeconomics  
(Greek makro = 'big')  
describes and explains  
economic processes  
that concern  
aggregates. An  
aggregate is a  
multitude of economic  
subjects that share

# Access Free Lecture Notes In Microeconomics

some common features. By contrast, microeconomics treats economic processes that concern individuals.

## **Introduction to Macroeconomics Lecture Notes**

Tutorial notes 1. What is macroeconomics about? How is it different from microeconomics? Why might macroeconomics be relevant to

# Access Free Lecture Notes In Microeconomics

businesses? Micro looks at individual markets (households, firms...), while macro looks at the economy as a whole (aggregate).

## **Macroeconomics - Notes - Summary - lecture 1 - 13 ...**

Preface

Microeconomics is the study of the behavior of individual households, firms and industries as well as

# Access Free Lecture Notes In Microeconomics

the supply and demand relationships between producers and consumers. You might think of a household as a consumer, but households are also producers.

These lecture notes cover a one-semester course. The overriding goal of the course is to begin provide methodological tools for advanced research in macroeconomics. The emphasis is on theory, although data guides the theoretical explorations. We build entirely on models with microfoundations, i.e., models where behavior is derived
