Additional details on the R4 and its features and operation can be found in the Leica R4 manual. Moreover, the French website summilux.net carries a detailed review (in French) of the camera, including links to Leica flyers and promotion materials of the time.

Leica R4 review - Apotelyt

The Leica R4 was introduced in 1980 as the first multi-mode Leica SLR. It featured program, aperture priority, shutter priority and manual exposure modes. The early R4 bodies suffered from a number of electronic gremlins which gave Leica SLRs a bad name.

Servicing the Leica R4s MOD-P — Fogdog

The first Leica R4 had the reputation of being unreliable. The problem was solved from serial number 1 600 000 onwards. A used R4 can be bought without fear with this simple knowledge. The next model, the R5, introduced TTL flash metering. However, cheap for a Leica, the R4 makes the dream affordable.

Leica R4 - Lights in the Box

The original Leica R6 was released in 1988 and the camera's key features comprise a refreshingly concise spec sheet. It's a light meter-equipped, manual focus, manual exposure, fully mechanical 35mm film SLR camera with two user-selectable metering modes (full field and selective).
