A Wolf couple keeps a distinct home territory where they typically stay for as long as they remain an intact couple. The territory is marked out accurately by urine, droppings, scratches and sound calls. They actively defend their territory against trespassing wolves. Fights between family members and trespassing wolves are not uncommon.

Amala (c. 1918 - 21 September 1921) and Kamala (died 14 November 1929) were two "feral girls" from Bengal, India, who were alleged to have been raised by a wolf family.. Their story attracted substantial mainstream attention and debate. However the account was reported and promoted by only one source, the clergyman who claimed to have discovered the girls.

Wolves kill each other and other carnivores, such as coyotes and cougars, usually because of territory disputes or competition for carcasses. In 2000, however, the subordinate female wolves of the Druid pack exhibited behavior never seen before: they killed their pack's alpha female; then they carried her pups to a central den and raised them with their own litters.
