accompanied by tell-tale signs that the engine is not working properly, such as a lack of power or stuttering as you press the accelerator.

Mini dashboard warning lights - what they mean | RAC Drive

Hey all, I have a 2012 R56 MCS that I've owned since around February. 4-5 times since I've owned the car, I'll be driving and the yellow engine warning light will come on and I'll feel a drop in power (reduced power) at the same time. If I pull over and restart my car, it goes away and will stay off for a week+ before this happens again.
