Mining the Social Web: Data Mining Facebook, Twitter ...

Mining the social web, again When we first published "Mining the Social Web," I thought it was one of the most important books I worked on that year. Now that we're publishing a second edition (which I didn't work on), I find that I agree with myself. With this new edition, "Mining the Social Web" is more important than ever.

Mining the Social Web: Data Mining Facebook, Twitter ...

Mining the Social Web (2nd Edition) by Matthew A Russell is a book for a relatively small niche. Most users of the social web (Twitter, Facebook, etc) won't have the programming expertise to follow the technical details and most programmers won't be interested in the data which come from the social web.
