Health at a Glance provides the latest
comparable data and trends on different
aspects of the performance of health
systems in OECD countries. It provides
striking evidence of large variations
across countries in indicators of health
status and health risks, as well as in the
inputs and outputs of health systems.

Health Status - OECD Statistics

The OECD carries out work on health data and indicators to improve international comparisons and economic analyses of health systems. OECD Health Statistics and Health at a Glance are, respectively, the leading statistical database and publication for international comparisons of health and health systems. They help policy makers, researchers, journalists and citizens compare the performance ...
