Rover 75 Engine Diagram - embraceafricagroup.co.za

The Rover 75 is classified as a compact executive car, with a four-door saloon or fivedoor estate body style. It was introduced by British automobile manufacturer Rover Group in 1998. Some critics of the car labelled its styling too "retro", suggesting it had been designed with an older buyer in mind, and was not sporting enough when compared to the competition.

Repair manuals - Manuals - Rover

The car was offered with petrol engines (1,8 - 4,6 L) and a 2,0-litre diesel engine. Rover was praised especially for the quality of its cars. Original parts for bodywork as well as the interior are very stable and made of high-grade material, and therefore there is little need for replacement for parts of a Rover 75 from the more recent production period.
