This IB Math study guide is a great start, but you may need to supplement with outside tutoring, too. Only studying right before the IB Math SL/HL papers: As I said before, there are too many topics for both courses to master in only a few weeks (that's why these courses are spread out over a couple of years!).

The Best IB Math Study Guide and Notes for SL/HL

6 CHAPTER 1. BASIC PROBABILITY Combinations? Combinationsare similar to permutations with the di erence that the order of elements is not signi cant.? The number of combinations of subsets of size k drawn from a set of size nis given by: nPk= n! k!(n k)! 1.2 Probability of Events? If two events are independents, P(E|F) = P(E). The probability ...

Crash Course on Basic Statistics

Probability is about planning experiments and comparing the number of possible outcomes to the number of outcomes you want. If we roll a die and want to roll either a 1 or a 6, there are 6 possible outcomes (any of the 6 faces of the die could land facing up), but only 2 that we actually want to happen (either the 1 or the 6 facing up).

Probability and Statistics Introduction | Shmoop

Probability and Statistics: Study Guide by Capella Academy (Author) 5.0 out of 5 stars 1 rating. ISBN-13: 979-8604052747. Why is ISBN important? ISBN.
