somewhat chilling--that doctors have more to fear from the corporate takeover of medicine than putative reform.

The Social Transformation of American Medicine: The Rise ...

The title of the book is not entirely accurate. While there has been a transformation of medicine since the foundation of the United States, the book is both more and less than what it claims to be. It is more because the transformation is many things besides a social transformation.

The Social Transformation of American Medicine: The Rise ...

The second half of *The Social Transformation of American Medicine* focuses on the transformation of medicine into an industry and the growing role of corporations and the state in the medical system. Starr begins with a discussion on how social insurance came about, how it evolved into a political issue, and why America lagged behind other countries with regards to health insurance.
