As a kind of Socratic question I asked Gavin whether anyone might have done what he'd been ordered to do and not cared about it so much. He thought long and hard about this and finally said, "Yeah. I actually knew guys like that. They didn't really think about that kind of thing. Most did but a few wouldn't. They were really callous."

They are also self-managing, meaning they internally decide who does what, when, and how. The Scrum Team is small enough to remain nimble and large enough to complete significant work within a Sprint, typically 10 or fewer people. In general, we have found that smaller teams communicate better and are more productive.
